

EVENING MENU

SOCIAL EATING WITH DISTANCE

DKK 195

The restaurant's new food concept should bring us all closer together, but of course with distance.

Every evening – seven days a week – we invite you to social eating with distance and therefore we will abolish the “normal” buffet.

The menu varies day by day and is divided into different meal themes based on both Skallerup's and children's favorites based on the local ingredients. The meal consists of three dishes, served as a small buffet at the table, setting the framework for community and quality time.

Children (aged 3-11)

DKK 99
